Ed Rigby and his crew of 4 came out to my property this morning to remove 1 large tree, 4 small trees, and trimmed up several more trees.

I was very impressed with the quality of their work and the speed at which they completed the job. They showed up early and provided a good price. You can really tell when someone knows what they are doing. I would recommend them and Rigby's Expert Tree Care to anyone who asks.

Ed even gave me some great advice on how to handle my squirrel problem!

Thanks Again!
