**RE: Recent Tree Service**

**Mr. Rigby, I really appreciate your help with my tree situation. Your service was great, you started on time, as a matter of fact earlier than I expected, the work was done in a professional and thorough manner, your clean up was great, and the price was very competitive for the work you did for me.**

**If any of your potential customers ever want a recommendation, I would have no problem telling them the same thing and I will definitely contact for any future tree service needs.**

**Thanks again to you and your crew for your fine work.**
